

Dear Georgia Girls State Parents and Guardians,

Georgia Southern University makes every effort to reduce the likelihood of transmission of illness on the campus. Since your child is a prospective camp attendee at Georgia Southern University, we urge you to take these concerns very seriously.

If your daughter experiences illness prior to reporting to camp, they should not be sent to Georgia Southern’s campus until they have had resolution of fever (without needing fever reducers) and severe symptoms for at least 24 hours. Symptoms of illness are defined as fever of 100 or greater, plus cough and/or sore throat; other symptoms may include tiredness, runny or stuffy nose, body aches, and diarrhea and/or vomiting.

Please complete the following checklist on prior to arriving for camp, and send it with your child to be turned in at check-in.

| Participant’s Name | Signature of Parent or Guardian | | Date |
|-----------------------------------|---------------------------------|----|----------|
| Concern | Yes | No | Comments |
| Fever of 100 or greater | | | |
| Cough/Upper Respiratory Infection | | | |
| Sore throat | | | |
| Extreme Fatigue/Tiredness | | | |
| Runny or Stuffy Nose | | | |
| Body Aches | | | |
| Diarrhea/Vomiting | | | |

Thank you for your assistance and cooperation regarding this matter. If you have any questions or concerns, please do not hesitate to contact Mary at 912-478-5556 or me at 912-478-5993 or mthaler@georgiasouthern.edu or jhendrix@georgiasouthern.edu.

Sincerely,

Mary Thaler and Judy Hendrix
 Division of Continuing Education
